

[Schaf Berg Ei]  
Riesling

2022

Harvest - 10 October  
Alkohol - 11.50  
Residual sugar - 3.00  
Acidity - 8.50  
Bottles - 952

The grapes for this wine were harvested by hand on October 10th. They come from one of the smallest sites of the Wagram wine growing region, which is characterized by its cool phases during ripening. The wine reflects precisely these characteristics almost optimally through its precise line. The wine was aged in a concrete egg. It was allowed to mature on the entire lees for exactly one year. A wine has been created that combines complex seriousness and joyful drinking fun.
